1,200 SAW LOVING CUP AT PARNELL

WAS SHOWN IN CONNECTION WITH FILMS.

HELD MUSICAL PROGRAM

Pickens Urged All Those Present to Register at Fair Next Year —Fred Wolfers Spoke.

Approximately 1,200 Nodaway County people had the opportunity to see the new loving cup which this county won for its attendance at Sedalia during the State Fair when it was displayed in connection with the showing of "Agriculture in Nodaway County," Saturday evening at Parnell during the social given by the city council there.

The social was held at the park. A musical program preceded the showing of the agricultural films and just before the last film, George A. Pickens, secretary of the Chamber of Commerce, showed the new cup and gave a short talk on the importance of people from this county registering next year at the fair if they expected to make the cup the permanent property of this county. He told the people about the work that was done during the last day of the fair in getting all of the Nodaway Countians to register. Mr. Pickens said this morning that the cup would be placed in the window of the Hotchkin's Book Store for display and it would not be the practice to take it to the different towns where the films are shown because of the danger of damaging it.

Fred Wolfers, president of the Maryville Chamber of Commerce, made a talk concerning the showing of the pictures and the opportunity that the films gave for people in an hour's time to see an example of all of the resources of the county. He praised the work done by those who produced the film and the co-operation of the people of the county in supporting the showing of the pictures at the state fair.

MANY PEOPLE HURRIED TO GET TO THE FIRE LAST NIGHT

But It Was Out When the Department Arrived—Gas Tank of Ford Blew Up.

Shortly after the closing of church services last night and while many people were on the streets there came the whir-r-r-r of the alarm on the fire truck and that machine rushed from the fire station, to the corner of Fourth and market streets, west to Fourth and Main streets and then south. Motor cars all along the way struck in behind the truck as closely as possible, pedestrians caught on the side of the passing cars or ran in the direction in which the truck had gone, all with the thrill of going to a fire.

But the fire was nothing more than a blaze at the side of a Ford car from Pickering standing in front of the New York Candy Kitchen. The gas tank exploded when the driver started to light the lights. The blaze had been extinguished when the firemen arrived.

ENROLLMENT AT THE HIGH SCHOOL PASSES 345 MARK

Opening Session Was Held This Morning—Plans Already Made for the Year

The enrollment at the Maryville High School went considerably past the 345 mark today. It has reached 190 at the close of last week and a considerable number came in today. The indications are that the enrollment will be larger than it was last year.

Enrollment was continued through out the day. The day was started by an assembly in which the new teachers were introduced and short welcome talks were made by them.

Several announcements were made by the principal, L. L. St. Clair, in regard to the schedule and to the books to be used in the classes. Superintendent L. E. Ziegler explained the bell system and the other regulations at the assembly for the benefit of the new students and also stated that there would be no hazing of freshmen.

The high school orchestra held its first rehearsal this afternoon. About thirty students are expected to enroll in this organization, according to Loren J. Schnabel, director. Mr. Schnabel is optimistic in regard to the orchestra this year and already has designs for the cup offered in the district for orchestra work.

Following orchestra practice a meeting of all football candidates was held. The prospects for a winning team are bright this year and under the direction of Coach Frank Lawrence a strong team is assured. Harold O'Banion is the captain of this year's team.

Short classes were held this morning in order that the teachers might obtain the names of all enrolled in their classes and school work proper will start tomorrow morning.

BIG EVENT TODAY FOR MANY KIDDIES

IT IS THEIR FIRST DAY IN A SCHOOL.

PRINCIPALS WERE BUSY

Attendance Is Heavy on Account of Some From Country and 100 From Demonstration School.

One of the big events in the lives of about sixty children of Maryville came today when they attended school for the first time. They were brought by their mothers, they were brought in by their big sisters or they came with the other children of the family who were starting in again this morning. Some of them were all fixed up by their parents and sent along the way alone.

Miss Ada Albert, principal of the Garfield school, Miss Dena Hartman, principal at the Franklin school, and Mrs. D. K. Seckington, principal at the Jefferson school, were all busy persons between 8:30 and 9 o'clock this morning meeting the parents who brought the children and getting the little folks all distributed about to the places in the buildings where they belonged.

In spite of the rain that was falling the children seemed to be cheerful about going to school. The streets were lined with them for the first time in more than three months. Many of the children were smiling and seemed to be glad that vacation was over and school time here once again.

Some of the rooms at the schools are crowded and in others there are but few pupils. One A1 room grade had but two pupils in it. Miss Fannie Hope, grade school supervisor, said that it would be necessary to make some adjustments in the schools. In places where there are crowded conditions in the grades in one school it may be necessary to transfer some of the children to places less crowded.

Owing to the changes that will be necessary, The Democrat-Forum was asked not to publish the enrollment in the various grades of the ward schools today.

The schools are crowded in some cases, owing to the fact that children are coming in from the country and that 100 who formerly attended the college demonstration school are now in the public schools.

The Douglas School has a total enrollment of twenty-two, two of whom are new pupils, according to the teacher, Mrs. E. O. Boone, Jr.

SIX PROBES ARE BEGUN OF FIRE

SEVEN LOST LIVES IN BUNKHOUSE FIRE SUNDAY

CAUSED BY STRIKERS?

Investigators Are Working on Theory That Striking Shopmen Set Fire To Building

Pittsburgh, Penn., Sept. 4.—Six thorough going investigations are under way today to determine the cause, whether accidental or destined, of the fire which destroyed the commissary building and coach repair shop of the Pennsylvania railroad with the loss of seven lives, and ten injured, two probably fatally. Federal, state, county, city and railroad detectives are working on the case.

The building destroyed was a large 2-story steel and frame structure. Its loss is placed by railroad officials at $220,000. The first floor of the building had been used as a repair shop and commissary, and the second floor as sleeping quarters for sixty men.

The fire was discovered at 5 o'clock Sunday morning by a negro cook who was about to prepare breakfast for the occupants of the building. He saw a small blaze in a corner of the building and hurried for a pail of water. A moment later, when he returned with the water, the flames had spread so rapidly he saw his efforts would be useless, and he ran to the second floor and went from bed to bed shouting and shaking the sleepers to awaken them and warn them of their peril. Within five minutes the building was a mass of flames and the escape of some already had been cut off. They perished when the floor fell in a few minutes later.

Those aroused rushed frantically about, fighting their way through the smoke and blaze to reach the windows, from where they leaped to the ground many feet below. Many of the injured, in addition to suffering burns, were injured in the leaping.

One reason why officials are of the opinion the fire was incendiary is the amazing rapidity with which the flames spread. From the corner where the tiny blaze was first seen by the cook the flames appeared to spread in all directions at once and within five minutes the entire building, 175 by 300 feet, was enveloped. There was nothing inflammable in the building, and it is believed it had been saturated with oil.

There were thrilling rescues. Many of those who were injured when they leaped from the windows were hurt so badly, in addition to being nearly overcome by smoke and burns, they were unable to move, and police and firemen dashed into the intense heat to drag them back from the base of the burning building to safety.

BUY 600 HEAD OF CATTLE IN TEXAS

JACKSON RETURNS — NUNNELLY AND FOGAN STILL THERE.

UNUSUALLY BIG SHIPMENT

Are to Sell 400 Head of Them at Auction at the Burlington Stockyards.

Joseph Jackson returned yesterday afternoon from Texas, where he, J. B. Nunnelly and Joe Fogan have been on a cattle buying expedition for the past week and where they purchased approximately 600 head. Mr. Nunnelly and Mr. Fogan remained in Texas, where the cattle will be assembled at Ft. Worth as soon as cars can be secured. They will be shipped from Ft. Worth direct to Maryville. Mr. Jackson and Mr. Nunnelly will place a part of the cattle on their farms and the remainder, about 400 head, will be sold at auction at the Burlington Railway stockyards. It will be the largest shipment of cattle that has been received in Maryville for some time.

Dr. J. L. Felix went to Texas with Mr. Jackson, Mr. Nunnelly and Mr. Fogan and is buying hogs, a part of which he will ship here.

Mr. Jackson said today that he found Texas cattle in the section in which he was of exceptional quality. He went with the idea of buying some to place on his own farm but said that he found them good enough that he thought they would sell well. There is a lot of feed in Nodaway County, so he decided to ship them here for an auction sale.

Three hundred head were purchased on one ranch. Mr. Nunnelly and Mr. Fogan will stand at the corrals after they are "run," as the cowboy says, and pick from about 950 head on the ranch the 300 that they want.

The cattle that the men bought are in most cases calves, although there are a few big cattle. All but a bunch or two of them are Herefords. These two bunches are Angus.

Mr. Jackson says that about fifty head of cattle of the size that they purchased can be shipped in a car. There will be about twelve carloads in all.

No assurance could be given by the railroads as to when the cars for the shipment could be furnished and the cattlemen refuse to begin the "run" until the cars are on the tracks. Should they do so and the cars not arrive it would be necessary to turn them all loose and do it over again, for cattle cannot be held.

Mr. Jackson said that he expected, however, to have the cattle in Maryville within two weeks. It takes about six days for cattle to come here from Texas.

Mr. Jackson said that he saw many guards about the railway property as he went along but that he saw no signs of disorder.

SUNDAY'S BALL GAMES

One of the season's best baseball games was played yesterday afternoon at Wilcox between the Wilcox team and the Bellon Giants of St. Joseph, Wilcox defeating the Giants by a score of 3 to 2. The teams are playing at Wilcox again this afternoon.

Kinnen, pitcher for Wilcox, was the feature man for his team. At the end of the first half of the third inning the Giants had made one score but the Wilcox boys had not been able to get a man around the bases. Tobin singled and was on base when Kinnen came to the bat. Kinnen drove a 2-bagger and brought Tobin in. At the beginning of the last half of the ninth inning the score stood at a tie of 2 to 2. Kinnen got to base on an error and Buhler hit to short. Kinnen got caught between second and third and dodged around the Giant's third baseman. The third baseman then lost the ball and Kinnen made it home.

Sigler was the feature man for the Giants. He played third base. He made a home run in the sixth inning. He also did some remarkably good fielding.

Following are the line-ups of the two teams:

Wilcox—Kidder, c.; Kinnen, p; Brennan, fb; Tobin, sb; Leech, ss; Lamar, tb; Buhler, rf; Egley, cf; Booth, lf.

Bellon Giants—Van Bergen, c; Zirkle, p; Chinoski, fb; Wagenick, sb; Roitik, ss; Sigler, tb; Stahlin, lf; Dorst, cf; Staufield, rf.

The Bellon Giants spent last night in Maryville.

Black Wonders vs Sunny Brook

The Maryville Black wonders defeated the Sunny Brook baseball team yesterday afternoon on the Sunny Brook diamond by a score of 7 to 6. The game was an interesting one with the score standing 6 to 4 in favor of Sunny Brook until the ninth inning when the Black Wonders had two men on bases who were brought in by a home run hit made by Paul Smith. Sunny Brook scored one home run during the game. Charles Lightner of the Wonders made a home run hit in the first inning and scored two men. Battery for Maryville was Lightner and Smith and Lance and Miller was battery for Sunny Brook. The Black Wonders will play the Pickering ball team at Pickering next Sunday.

Ravenwood vs. Maryville Cubs.

The Ravenwood baseball team and the Maryville Cubs mixed at Ravenwood yesterday with the resulting score of 5 to 2 in favor of Ravenwood. The battery was Lewis and Mayes for Maryville and Ross and Beedle for Ravenwood. There were seven strikeouts on each side.

Minks vs Guilford

The baseball game between Guilford and the Maryville Minks was featured yesterday by Buhler of the Minks pitching a no hit game and Guilford beating the Minks by a score of 4 to 2. Guilford won the game on errors, making two score in the second inning and two scores in the eighth inning. The Maryville Minks got eight hits and scored a man in the first inning and another man in the second inning.

The Minks were crippled by the loss of their short stop and their second baseman. They intend to strengthen the team next Sunday by adding Paul "Dutch" Buhler for short stop, Claude Wilson for catcher and Harold Heiss for center field. They do not have a game scheduled yet but hope that they can come back at Guilford for yesterday's defeat. The battery yesterday was Buhler and Busby for the Minks and Ham and Anderson for Guilford.

SNODGRASS AND DOYLE IN MEETING AT SKIDMORE

Opened Yesterday in a Tent—No Announcement as to How Long to Continue

The Rev. R. E. Snodgrass, pastor of the First Christian Church, and Price Doyle, choir leader for Mr. Snodgrass, are at Skidmore, where a revival meeting was opened yesterday by the Christian Church. Mr. Snodgrass and Mr. Doyle filled their appointments at the church here yesterday.

In making the announcement of the Skidmore meeting yesterday morning Mr. Snodgrass said that it was the arrangement in the church that he was to have one month off this fall in which to hold a protracted meeting, this month to be in addition to his regular vacation. During his vacation he held one at Eagleville.

Mr. Snodgrass said that he had been asked to hold a meeting at Jefferson City and one at Lexington, Ky., but that when the request came from Skidmore he decided that it was the one to take, since it is close home and a Nodaway County church.

The meeting is being held at Skidmore in the tent used at Eagleville. The tent belongs to the county board of the church.

No definite announcement has been made as to how long the meeting at Skidmore will continue.

MRS. LAMKIN'S DECEASED BROTHER CITED FOR BRAVERY

Lieutenant Dickinson of Clinton Lost His Life in the World War

A Distinguished Service Cross was recently presented to the wife of the late Lieutenant Dickinson of Clinton for service rendered by the Lieutenant during the World War in which he lost his life. Lieutenant Dickinson was a son of C. C. Dickinson of Clinton, formerly Democratic congressman from his district and a candidate for the office at the present time, and a brother of Mrs. Uel W. Lamkin of Maryville.

Withering artillery fire failed to stop Lieutenant Dickinson September 27, 1918, when he voluntarily went to clean out a machine gun nest, reports say. Having accomplished his purpose, the lieutenant returned to his command and led successfully in an attack, passing three times through fire.

"For extraordinary heroism in action," reads the war department citation for Lieutenant Dickinson. And the next day after his heroic action, while he was voluntarily reconnoitering, a high explosive shell crashed nearby and ended his life.

McCAFFREY WILL HAVE TO BRING SUIT FOR SALARY

Prosecuting Attorney Charles McCaffrey will have to bring suit against the county court to force payment of what he thinks he is entitled to under an opinion rendered by the supreme court. This opinion given several months ago based his salary on a population in this county of five times the vote cast at the last presidential election. That would give him a salary of $5,000 a year during the two years of his present term or $2,500 more than he has been drawing.

The court would not make a settlement with Mr. McCaffrey this afternoon and indicated it was willing and ready to be sued.

TO RADIO TIGER FOOTBALL PLAYS

Columbia, Mo., Sept. 4. — "Tiger's ball, first down and goal to gain," will be singing through the mellow autumn air of Missouri during the next three months on the Saturday evenings when the Bengals are engaged in combat on the gridiron at the University of Missouri. Arrangements to radio the football games, play by play, are being made between the department of intercollegiate athletics and the R. O. T. C. radio station.

The new sending apparatus of the R. O. T. C. which is expected daily will be in service before the season opens. The service will be given a test try-out at the first game between the Freshmen and Varsity teams on September 30. Telephone connection between the press box at the athletic field to the sending station will be established so that the plays can be transmitted direct from the field into the sending apparatus.

The purpose of the service is to give the many high schools of the state a closer touch with the University. Many of the high schools have established receiving apparatus. The new sending apparatus to be installed will carry to every point in Missouri. If the sending of the football plays is successful it will be followed by sending of lectures by members of the faculties of the University.

New Styles Command Attention

It is impossible to ignore the importance of style as reflected in the new Fall Creations. There is a decided change in every article of apparel for Milady and she will feel out of place with her carried over garments even though they are good for service for some time.

Fall Dresses Take Styles and Colorings from Every Corner of the Globe

Dresses flaunt innumerable new style whimsies. They take the Russian lines, Egyptian ones—draped styles that are classic as those of Roman matrons' in the days of Rome's glory. Many style touches from the neighboring nations are reflected in the new creations. One noticeable feature of the dresses is the added length—they are decidedly longer. The favored fabrics include Spiral Crepe, Matelasse, Canton Crepe and Crepe de Chine in the silk, and the Tricotine and Poiret Twill in the wool. Prices range from.....$19.50 to $75.00

Hat Modes for Fall Emphasize an Oriental Splendor and Historic Significance

Catherine of Russia might have inspired the striking tiara turbans—or the incomparable Pavlowa herself, the modes Ballet Russe that millinery styles emphasize for Fall. Egyptian toques—Persian turbans, adeptly swathed—dashing dress hats adopted from court modes of France during the Empire. These and many other equally interesting modes represent the new hat styles for Fall. A new assortment of Gage Pattern Hats just received Saturday.

A wonderful assortment of the season's best creations await you at.....$5.00 to $18.75
